

Philosophy

At DESTINY CHRISTIAN we have developed a Christian world-view. From this we note that "all children are gifts of the Lord and His reward (inheritance)".¹ God's claim is for all peoples of the earth.² **PARENTS** have been mandated by God to nurture and train their child(ren)³ like a skilled marksman prepares and sets his arrow to point towards the mark⁴ - their DESTINY.

SCHOOL, though significant and foundational, is only part of a life-long LEARNING process. Christian PARENTS are in a continuing education plan, not just their own personal plans and goals, but also with their child(ren), developing them towards maturity. Teaching staff and administration are significant coaches who can assist the **HOME** in common set goals.

The DESTINY of each child is "one of the spiritual mysteries"⁵ God has described for each parent to discover. Our best helper, GOD, the Holy Spirit has been sent as the "spirit of truth"⁶ so they could know this. Personal portfolios are to be built for each student, (also each parent).

The **CHURCH** is the living organism Jesus Christ is committed to build,⁷ therefore, students and families are encouraged to connect and be a vital part of a local Christian assembly. We will endeavor to communicate and work together on shared common goals.

MISSION STATEMENT

To assist the home and church to train disciplined leaders for world wide Christian service to influence cities and impact nations.
